

REMARKS

Double Patenting Rejection

The Examiner provisionally rejected Claims 54-70 based on the judicially created double patenting doctrine over Claims 44-59 of parent U.S. Patent No. 5,697,909 (“’909 patent”) stating that although the conflicting claims are not identical, they are not patentably distinct from each other because both sets of claims claim substantially the same structure.

Applicants respectfully traverse the rejection. However, to reduce the cost and time required to obtain patent protection, a Terminal Disclaimer filed in compliance with 37 C.F.R. 1.321 is attached hereto. The Terminal Disclaimer is offered in the event the Examiner converts the provisional rejection to a rejection based on non-statutory double patenting grounds. The ‘909 patent and the instant patent application are commonly owned by ArthroCare Corporation.
